NEW ENGLAND

Telephone and Telegraph Co.

PRIVATE LINE AND INTERIOR TELEPHONE INSTRUMENTS.

We construct and maintain Private Lines, and lease telephones and lines to parties desiring to connect two or more places, each with the other, without passing through the Central Office Exchange. We also furnish telephones for Interior purposes for use in hotels and other buildings, by which means each room may be connected with the office or janitor, and with every other room in the building.

In view of the fact that telephone instruments are of necessity of delicate construction and peculiarly subject to accidental injuries and to defects which can be found and remedied only by experts, it is our opinion that the requirements of our patrons will be better satisfied by lease, thus securing to the lessee the privilege of returning defective instruments for replacement or repair, than by the sale of the limited portion of the telephone equipment which can be sold, and the assumption by the purchaser of risks of defects and the expense of repairs and depreciation.

Users of telephones and transmitters leased from this Company secure the advantages of inventions and improved instruments which are not the subject of sale.

As the style of instruments and apparatus required will depend upon the conditions under which the system is to be operated, each case should be considered separately, and for this reason we suggest that parties desiring to lease instruments for the purpose herein described make application to the general office of the Campany, stating fully their requirements.

The Company will be pleased to furnish any information desired, upon application to its Executive Office, 119 Milk St., Boston, Mass., or by calling for Telephone Main 782.

A DESCRIPTIVE CATALOGUE WILL BE MAILED TO ANY ADDRESS UPON REQUEST.

BOSTON STREET DIRECTORY.

COPYRIGHT, 1901, BY SAMPSON, MURDOCK, & CO.

GIVING the location of the Streets, Places, Parks, Squares, etc., and showing what other streets and places run from them, or across them, with the number at which they intersect.

From this list, the location of any number on a street can be easily ascertained; as, for instance, wishing to know at what part of Franklin Street the DIRECTORY OFFICE, No. 155, is located, you look at Franklin Street, upon page 33, and find that Federal Street runs from 131, and Congress Street from 163, showing that 155 Franklin would come on the right, between Federal and Congress, the fourth door from Congress.

Streets in wards 1 and 2 are located in EAST BOSTON; those in wards 3, 4 and 5 are in CHARLESTOWN; those in wards 13, 14 and 15 are in SOUTH BOSTON; those in wards 17, 18, 19, 21 and part of 22 are in ROXBURY; those in ward 23 and part of 22 are in WEST ROXBURY; those in wards 16, 20 and 24 are in DORCHESTER; those in ward 25 are in BRIGHTON.
